

Energy Security & Chemical Engineering Congress

3-5 NOVEMBER 2021
Virtual Conference

ABOUT ESChE 2021

Energy Security and Chemical Engineering Congress (ESChE 2021) is organized by Centre for Research in Advanced Fluid & Processes (previously known as CARIFF), Universiti Malaysia Pahang, Malaysia. ESChE 2021 with the theme “Sustainable Technological Solution for a Better World”, aims to provide a platform to discuss ideas and latest research findings especially in Energy, Environment, Chemical and Thermal Engineering fields.

CONGRESS SCOPE

Energy Security

- Heat and mass transfer
- Oil and gas
- Renewable energy and biofuels

Chemical Engineering

- Reaction engineering and catalysis
- Separation technology
- Food science and technology
- Advanced material
- Corrosion science
- Pharmaceutical and drug delivery
- Natural products & industrial crops
- Safety and health management
- Process control and optimisation
- Environmental engineering
- Waste water
- Finite element analysis
- Modelling and simulation

Thermal Engineering

- Heat transfer
- Fluid flow
- Flow assurance in pipeline

CALL FOR PAPERS

Submission within the conference scope of energy, environment, chemical and thermal engineering fields is welcomed. All accepted papers will be included in **Scopus IOP Conference Series: Materials Science and Engineering**. High quality full papers will be published in our partner journals, subjected to peer review.

IF 5.778

IF 1.543

IF 1.802

Other approved journal to be finalized: *Front. Chem. Sci. Eng.* (IF 3.552), *Process Safety Environ. Protection* (IF 4.966) and *J. Env. Chem Eng.* (IF 4.3)
