“GREEN TECHNOLOGICAL SOLUTIONS
FOR SUSTAINABLE WORLD”

CALL FOR PAPERS

Abstract submissions in the fields of energy, environment, chemical, and thermal engineering are encouraged. Authors are cordially invited to contribute papers in Scopus-indexed proceedings. Proceedings from the 2nd ESChE were published in AIP Conference Proceedings and Lecture Note in Mechanical Engineering, Springer. All authors are invited to submit a full paper in a journal special issue (WoS and/or Scopus indexed) in conjunction with this conference.

CONGRESS SCOPE

Chemical Engineering

- Reaction engineering and catalysis
- Separation technology
- Food science and technology
- Corrosion science
- Pharmaceutical and drug delivery
- Natural products & industrial crops
- Safety and health management
- Process control and optimisation
- Environmental engineering
- Water science
- Modelling and simulation

General Engineering

- Materials science & engineering
- Nanotechnology
- Advanced materials
- Finite element analysis

Fluids and Thermal Engineering

- Heat transfer
- Fluid flow
- Flow assurance in pipeline
- Computational fluids dynamics

Energy Security

- Heat and mass transfer
- Oil and gas
- Renewable energy and biofuels

IMPORTANT DATES

DESCRIPTION

Abstract submission deadline
Notification of abstract acceptance
Full paper submission deadline
Payment and registration deadline
Conference date

DATE

28th February 2023
31st March 2023
30th June 2023
30th June 2023
28 - 30 August 2023

CONGRESS FEES

USD 400
International
Student

RM 1600
Local Student

USD 450
International
Participant

RM 1800
Local Participant

RM 700
Listener

Note: Discount is available for group registration
(Please contact organizer for more info)
